

QUAT SANITIZER READY TO USE (RTU)

PRODUCT CODE: 8150

DESCRIPTION

49 NORTH® QUAT SANITIZER is a ready-to-use, no-rinse quat sanitizer for use on food contact surfaces and tableware. It is ideal for use in restaurants, bars, kitchens and food trucks. It may also be used for general sanitation of high contact hard surfaces, such as door knobs, faucets, railings, vending machines, and other surfaces.

QUALITIES

49 NORTH® QUAT SANITIZER is a 200 ppm active quaternary ammonium compound sanitizer [(60% C14 30% C16 5% C12 5% C18) n-Alkyl, dimethyl benzyl ammonium chloride]

APPLICATIONS

49 NORTH® QUAT SANITIZER is recommend for all food industry applications.

Proper use of 49 NORTH® QUAT SANITIZER will kill germs and viruses, such as COVID-19, and help prevent the spread of diseases.

DIRECTIONS

Sanitizing Food Contact Surfaces

Remove all excess soil, food scraps and debris. Clean surface thoroughly with an appropriate detergent to remove organic matter. Rinse surface with potable water and dry with a new, fresh towel. Apply 49 NORTH® QUAT SANITIZER liberally until surface is completely wet and allow it to soak for a minimum of 1 minute. Wipe dry with a new, fresh towel or allow to air dry.

Food Service Industry

49 NORTH® QUAT SANITIZER is used undiluted as the final sanitizing step after washing tableware and hard surface areas. Scrape excess food scraps off tableware before presoaking and washing with an appropriate detergent. Rinse detergent thoroughly with potable water before submersing tableware in 49 NORTH® QUAT SANITIZER. Allow to soak for a minimum of 1 minute. Drain thoroughly and air dry. No rinsing is required. Change solution regularly.

QUATERNARY AMMONIUM SALTS

Alkyldimethylbenzylammonium chloride
(Benzalkonium chloride)

HOW THEY WORK

Quaternary ammonium compounds remove a virus's lipid envelope, denaturing the proteins and disrupting the enzymes, effectively deactivating the virus.

PACKAGE SIZES

Available in 4L jugs.
